A blond decides one day that she is sick and tired of her husband's attitude toward blondes, so she decides to do a painting project to prove him wrong. While her husband is off at work, she decides that she is going to paint a couple of rooms in the house. The next day, right after her husband leaves for work, she gets down to the task at hand. Her husband arrives home at 5:30 and smells the distinctive smell of paint. He walks into the living room and finds his wife lying on the floor in a pool of sweat. He notices that she is wearing a heavy parka and a leather jacket at the same time. He goes over and asks her if she is OK. She replies yes. He asks what she is doing and she replies that she wanted to prove to him that she was resourceful and she wanted to do it by painting rooms in the house. He then asks her why she has a parka over her leather jacket. She replies that she was reading the directions on the paint can and it said..."FOR BEST RESULTS, PUT ON TWO COATS."
